The following is in response to the Order Returning Undocketed Appeal to Examiner by the Board of Patent Appeals and Interferences of August 7, 2007.

***Information Disclosure Statement***

The Information Disclosure Statement (IDS) filed March 5, 1999 cited Finnish Patent FI 10230. This reference was not listed on a form PTO-1449, nor was a copy of the reference provided by Applicant. Therefore, its consideration was not previously made of record. However, Applicant has disclosed that FI 10230 corresponds to U.S. Application Serial No. 08/925,321. FI 10230 has been considered in view of 08/925,321 in the manner discussed below.

The actual reference number is not FI 10230 but rather **FI 102301**. FI 102301 corresponds to patent family member U.S. Patent No. 6,776,876, which is equivalently serial number 08/925,321 indicated by Applicant. U.S. 6,776,876 has been considered by the examiner and made of record in the attached form PTO-892.
